BJWSA Rail Removal at Highway 170 Crossing Delayed

Okatie, SC (March 9, 2011) - Beaufort-Jasper Water and Sewer Authority (BJWSA) has delayed the rail removal and repaving project at the Highway 170 crossing in Beaufort. The project delay is due to the probability of rain showers tonight. The work has been cleared to begin on the evening of March 10th, and crews should complete the work within a week.

As before, the intersection will remain passable, but crews will close individual lanes as necessary. All work will be performed at night. BJWSA's contractor will flag and direct traffic through the construction zones. Residents are urged to use caution when travelling in these areas.

For more information, residents may contact Matthew Brady, Communications Manager, at (843) 987-9213.
