

BJWSA Water Systems Improvements

Bluffton Parkway Transmission Main & Elevated Storage Tank

Construction Activities Overview

Buckwalter Water Tank

BJWSA is excited to announce that construction of the new elevated storage tank is scheduled to begin in April 2024. The Buckwalter Water Tank will have a capacity of 1.5 million gallons and will provide water storage which will aid in supplying consistent and reliable water pressure, benefitting approximately 11,500 customers.

- Construction is tentatively scheduled to begin in early April 2024.
- Work will be conducted Monday through Friday from 7:00 a.m. to 6:00 p.m.
- The anticipated completion date is Fall 2025.
- At certain points during the construction, there will be a lane closure on Buckwalter Town Parkway. Advance notice will be provided via email updates and roadway signage.

**Project Updates will be published monthly.
