RESPONSE TO PROPOSER QUESTIONS REGARDING THE RFB
ADDENDUM #5

DATE: February 17, 2020
PROJECT: Purrysburg Alum Pond Annual Excavation

ADDING MATERIALS TO THE ALUM SLUDGE:

If adding ash or material to the alum sludge to get to 40% solids landfill requirement, please describe the planned process as part of your bid. Records of materials must be maintained and submitted with the invoices to calculate oven dry tons removed. Payment is based on oven dry tons removed from the lagoon.

BJWSA is interested in beneficial re-use of alum sludge and will consider alternate proposals for getting rid of alum sludge besides landfill disposal subject to regulatory approval. Any alternate proposal must be submitted with a standard bid. Alternate proposals without a standard bid will not be considered.
